With a pair of eyes, we look at the market, but there are countless eyes looking at us in the market. This is destined to make our design, like ourselves, stand the test of others' appreciation. Taking into account excellent quality and functionality, with touching design, under the perception of humans and nature moving forward together, we put our hearts into it.

T001
Brass
Color: Brushed Black Brass
Lock: Face Recognition Smart Lock
Handle: Full-Length Hidden Light Strip Handle

Classic elegance and modern luxury, strong strokes in the distinct edges, gentle lines with implicitness. With ingenious design, the visual effect greatly enriches the overall sense of layering of the panel, fully showing the classical elegance and luxury.

T002
Copper/Wood
Color: Custom Copper Color
Lock: Custom-made Pure Copper Sliding Cover Handle
